

## ACKNOWLEDGEMENTS

Much of the information contained in this guidebook is taken from the *Guidebook for Developing a School Earthquake Safety Program* published by the U.S. Federal Emergency Management Agency with their permission.

The cover is based on a map provided by Geological Survey of Canada.

The idea of checklists was suggested by a *School Earthquake Awareness Program* prepared by Betty Roper and Elizabeth Hutton for former School District No. 86 (Creston/ Kaslo).

The Federal Emergency Management Agency resource document, *Guidebook Developing for a School Earthquake Safety Program 1988* is available at the following website:

<http://www.fema.gov/library/lib06.htm>
