### August exam return dates

Monday, August 17, 2009: Deadline for electronic submission of locally marked written-response results for EN 10, FRALP 10, SS 11, CIV 11, FNS 12.

### Important Notes:

1. The three math and the science 10 exams have been scheduled above but sites may choose to administer these exams on any of the four days. Sites do not need to advise the ministry of their chosen time slot to write these exams.
2. All exams with an open response component require extra security. Students writing these exams in the first time slot must be kept secure until 30 minutes after the second group have begun writing. Schools may wish to move students to an empty classroom or library setting after they have completed their exam to allow for space in the computer labs.
