

Grade 12 Graduation Rates 2003/04 - 2007/08

All Independent Schools Combined

What is in This Report?

This report provides statistical information regarding the British Columbia independent school students graduating from Grade 12 summarized at the provincial and school level.

There are two graduation measures included in this report:

Eligible to Graduate Graduation Rate is a measure of Grade 12 students who, if they pass all courses in which they have enrolled as of September, will have met all requirements to graduate, and graduate.

First-time Grade 12 Graduation Rate is a measure of students recorded as being in Grade 12 for the first time in September who then graduate in that same school year.

Both of these measures track students through their Grade 12 year(s) only.

Six-Year Dogwood Completion Rate is a very different measure available in separate reports at <http://www.bced.gov.bc.ca/reporting>. The Six-Year Dogwood Completion Rate tracks a set of first-time Grade 8 students, and provides a measure of how many have graduated six years later.

CAUTION

The Ministry makes small and continuous improvements to the quality of its data. Sometimes these changes result in small differences from previously published reports. The data contained in this report are the most accurate data available at time of publication.
